Very relaxing and the wine is fantastic!
Jun 2021

We arrived on a semi-rainy Sunday afternoon for a tasting. The hostess was very friendly and polite. She did an outstanding job of knowing her product! We were very impressed with her personality and professionalism. The wines, in our opinion are as good as we've had anywhere including Napa Valley. The outdoor sitting area is well shaded and the view of the grapevines and prairie add a nice touch! This is definitely a place we will return to with friends and we look forward to enjoying the wine as well!

Shouldn't Miss This
Jul 2019 • Couples

My wife and I stumbled on this winery while going to Hermann. It wasn't on our Hermann brochure but fortunately we saw there sign coming off Hwy B. Their wines are as good as any other Missouri wine we tasted. The winery is located on a nice little hill and you can drink your wine on their inviting porch. The owner was very nice and knowledgeable. We are dry wine drinkers but found their Peach Wine very interesting. Don't miss this hidden gem while rushing to Hermann.
